Working of the Municipal Toll-gate at Gundlupet

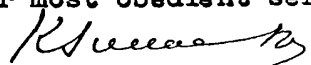

I have the honour to invite kind reference to Government Order No.L.9121-22/M1 94-40-10 dated the 28th June 1941, according sanction to the leasing out on contract the right to collect Municipal Tolls during the year 1941-42 The question of Continuing the same arrangement during 1942-43 was considered by the Municipal Council at their Meeting held on 28th April 1942 It was discovered that six of the Councilors were in favour of the existing system while the remaining six were in favour of working the toll 'Amani'

It is true that the general rule is that a Municipality should arrange to collect toll departmentally But the President of the Municipality is of the opinion that it is far safer and financially more advantageous to the Municipality to lease out the right of collecting toll on contract during the ensuing year also His letter No H C.130 of 41-42 dated the 3rd May 1942, on the above subject together with the resolution of the Municipal Council in this behalf are herein enclosed for reference

The several difficulties in the way of working the departmentally are fully explained in this Office letter No D5-C 4349/40-41, dated the 16th June 1941. The system of collecting toll departmentally does not work satisfactorily unless there is a responsible officer always at Head-quarters to supervise the collection of toll. In the ~~absence~~ absence of such an Officer there is bound to be serious leakage of revenue and consequent loss to the Municipality. Gundlupet Municipality has no Chief Officer nor can it afford to keep one. There is a split in the Municipal Council. The Members belonging to the Congress party think that at present there is a lot of smuggling of tobacco into the Municipality and have persuaded themselves into the belief that the departmental working of the Toll-gate will somehow put an end to this mal-practice. I met the Municipal Councillors on the 16th instant and discussed the matter with them. I explained to them how the remedy suggested by a section of the Municipal Council would not solve the problem of smuggling which required a different treatment altogether.

The realisations under Toll Revenue during 1941-42 is reported to be Rs 3,888 and the President expects to realise more during next year if the right is sold in open auction.

I recommend that the proposal of the President, Gundlupet Town Municipal Council for the continuance of the lease of the right to collect tolls during the year 1942-43 may kindly be sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Mysore District.
